| • HTML5  | • JavaScript |
| • CSS    | • Wordpress  |
| • SCSS   | • Figma      |
| • JQuery |              |

## PROJECTS

- **Tic Tac Toe Game :**  
It's a fun game as like X/O that we all played in childhood, I developed this project to understand all basics of JavaScript.
- **Medical Website :**  
In this website I'm tried with new functionalities like lazy loading, preloader loads before website and hosted with netlify.
- **Sanghvi medical trust website :**  
This is my one of the best website that is build with all the functionalities like Testimonials, FAQ and many more. This is a complete website.
